

Press Release

Tamouh to Showcase Reem Island's Marina Square at Cityscape Abu Dhabi 2010

Master Developer to Offer Personalized Experience to Home Owners at Marina Square

Abu Dhabi: 14 April, 2010 - Tamouh, the master developer headquartered in Abu Dhabi, today announced it will showcase its Marina Square development on Reem Island, and feature City of Lights, Meena Plaza and Danat Gateway projects during its fourth consecutive participation at Cityscape Abu Dhabi 2010. Tamouh's focus in this edition of the event is to highlight a gamut of offerings for ultimate home owners at the Marina Square development.

Tamouh will use the platform of the international real estate exhibition to engage Marina Square home owners by sharing helpful insights that will guide them through the process of moving into and decorating their new residences at Marina Square. Through the interactive process, home owners will acquire know-how on ways to maximise the benefits offered by the state-of-the-art architectural design and home-automation facilities that the apartments come equipped with.

Organised under the patronage of His Highness Sheikh Mohammed Bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Deputy Supreme Commander of the UAE Armed Forces, the event is scheduled to be held from 18-21 April at the Abu Dhabi National Exhibition Centre (ADNEC).

Senior representatives from Tamouh's marketing, project management and customer service teams will address queries pertaining to community living, construction progress, delivery timelines and handover processes. The 400-sq metre stand (No.C10) at Hall No.3 in ADNEC will also feature several bespoke presentations by the company's facility management arm, Three60. Home owners

in the Marina Square development will have the opportunity to meet with interior designers, gain new ideas from Tamouh's specially made Interior Design Handbook and choose a design format that appeals to their individual taste.

Tamouh is scheduled to commence delivering homes in the Marina Square development from May to June 2010 to the commercial investors, who will then manage the handover to ultimate homeowners.

Joe Ong, Managing Director of Tamouh, said: "Our entire team looks forward to the rich interactions with participants of Cityscape Abu Dhabi. Tamouh will highlight Marina Square, the first project to be delivered on Reem Island and we would like to extend an invitation to all Marina Square home owners to come and join us.

"The delivery of the Marina Square will be led by a dedicated team to ensure the seamless handover of a project that has generated significant anticipation and enthusiasm amidst our stakeholders and ultimate home owners. Furthermore, this accomplishment firmly reiterates our commitment to deliver on our promise."

Samia Bouazza, Marketing Director of Tamouh, said: "Marina Square is more than a development and signifies a milestone for us. During this exhibition, we aim to emphasize the new destination's potential to contribute to a high quality and exclusive lifestyle in Abu Dhabi with the addition of the two-level shopping arcade, complimented with diverse entertainment, hospitality and exclusive retail outlets, a marina and a Cineplex."

Spread across an area of 66 acres with a built-up space of more than 827,000 sq metres, Marina Square will house more than 8,500 residents and have 6,550 parking bays. It is set to bring an exciting marina lifestyle to the capital, topped with a vibrant pedestrian culture through its multifarious gourmet restaurants, luxury retail outlets, a boutique mall and a five-star hotel. The mixed-use development will offer a selection of residential units including studios, one, two, three and four-bedroom apartments, town houses and villas.

-Ends-
